

Top Dog Foundation ... the

Top Dog Foundation is a local, 501 (c) 3 non-profit organization headquartered in New Germany, MN. It was founded in 2004 by Jean Beuning with the mission to provide a loving and permanent home for dogs that have been abandoned by their owners and are deemed "un-adoptable" because of old age and health conditions and would be otherwise unnecessarily euthanized.

Every dog resident at the Sanctuary will have a permanent home, shelter from the cold, and plenty of food, along with the love and respect they deserve from people who will care for them and love them unconditionally.

The Sanctuary will be located on 38 acres in New Germany, Minnesota and will house 120 residents. Presently, the Foundation is actively involved in the initial fundraising phase with hopes to meet the goal of breaking ground for the facility in 2010.

All donations are appreciated. Thank you for your support of Top Dog Foundation...the Sanctuary.
