

JOIN THE RESCUE/PLACEMENT PROGRAM:

A HOME FOR EVERY AGING HEART

The Foundation launched this unique program to rescue senior dogs and place them in permanent homes with senior people. Everyone wins and the quality of life for the new owner and the dog are the best possible!

We need committed support from volunteers: a few hours a month to help in the rescue process; the assessment and interim care period (foster homes are key); and the placement and follow-up.

Please lend a hand (and some time) to some old friends.

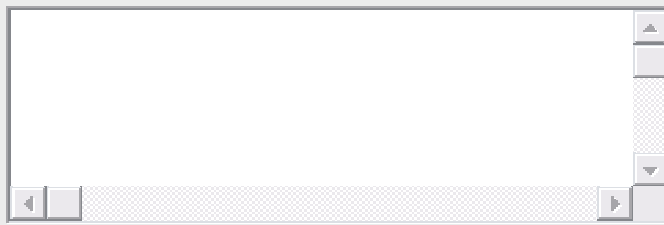

We need assistance in the following areas : check one (or more) that interest you and email/mail/phone the good news back to us.

| | |
